

This form is to be completed
by the thesis supervisor.

The Chinese University of Hong Kong
ELITE Stream (Faculty of Engineering)
Graduation Thesis Assessment Form (for ESTR4998/4999)

Section A:

Name of Student : (Chinese)		(English)	Ling, Siu Yik (Samson)
Student ID No.:	1155051525	Programme of Study:	Computer Engineering
Thesis Title:	Artificial Intelligence X Piano Reduction X Chord Identification		
Date of Oral Examination:	26 April 2016		

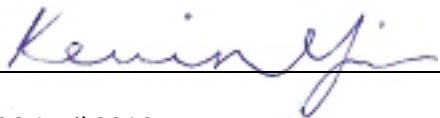

Section B:

1. Originality	8	(20 %)
2. Methodology	8	(25 %)
3. Accuracy and quality of results	5	(25 %)
4. Clarity and lucidity of presentation in written report and adequacy of works	4	(15 %)
5. Performance in oral presentation	4	(15 %)
Total	29	(100%)

Section C:

Comments (Mandatory for thesis supervisor)

Samson was originally interested in the project and spent some initial efforts in acquiring the relevant knowledge in music. Unfortunately, he did not achieve much in the whole project, despite regular meetings with me and Prof. Lucas Wong (which provides full supports in musical aspects) every two weeks throughout the two semesters. He has not even finished one of the earliest tasks that we set out to do at the beginning of the project. I find his algorithm design and programming abilities to be too weak for this project.

Name of Thesis Supervisor:	Kevin Yip
Signature of Thesis Supervisor:	
Date:	26 April 2016

The completed form must be returned to the Faculty Office (attention to Ms. Joanne Lam) within one week from the date of oral examination.
